Council for the sale of two administrative buildings of the bankrupt plant “Krayan” in order to situate in them a new local Mayor’s office at the artificially high price.

The funds were seized in the framework of criminal proceedings regarding the accusation of the City Mayor of Odessa Gennadiy Truhanov, his deputy Pavel Voogelman and other persons in illegal appropriation of 185 mln UAH of Odessa budget. Besides this, the defendants allegedly wanted to arrange the closing of the case in relation to Truhanov and other persons by means of a bribe.

Let us recall that on January 12 of 2018 the General Prosecutor’s Office exposed during offering of a bribe to the detective of NABU the deputy of Odessa Regional Council Babenko and his accomplice, who managed to flee. However, on June 15 of 2018 General Prosecutor’s Office succeeded in arresting the helper of the deputy, Pavel Dubovoy, the brother of the former people’s deputy.

Let us recall as well that in April of 2018 during the court session on the case of Odessa City Mayor Gennadiy Truhanov the prosecutor of Specialized Anti-Corruption Prosecutor’s Office publicized the correspondence in the messenger on the phone belonging to one of the subjects, whose last name was Dubovoy. From the phone correspondence it is clear how the former people’s deputy Aleksander Dubovoy together with the deputy of Odessa Regional Council, the former director of the plant “Krayan” Oleg Babenko, suspected of an attempt of bribing a detective of NABU, attorney of Babenko Igor Korotiuk, lawyer of “Development Elite” LLC Igor Kravchenko and judge Liudmila Kiziun are trying to influence the decision adopted by Solomenski Court, talking about the need to remove the arrest off 185 million UAH, located on the accounts of the company “Development Elite” LLC.
